APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, manner and place of use of the waters of an Unnamed (Cliff) Spring as heretofore granted under Permit 11605, Certificate 3258 is issued subject to the terms and conditions imposed in said Permit 11605, Certificate 3258 and with the understanding that no other rights on the source will be affected by the change proposed herein. A measuring device must be installed and measurements of water use kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued with the express understanding and on the condition that existing grazing use of the public range by authorized users or permittees will not be impaired or adversely affected by approval and issuance of this permit.

The total combined duty of water under Permits 55321 and 55322 shall not exceed sufficient water for 600 head of wild horses, burros and other wildlife.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0063 cubic feet per second, or sufficient to water

200 head total of wild horses, burros and other wildlife.

Work must be prosecuted with reasonable diligence and be completed on or before June 3, 1993

Proof of completion of work shall be filed before July 3, 1993

Application of water to beneficial use shall be made on or before June 3, 1995
